### Toys

You are the most interesting and important toy for your child – especially if your child is a newborn, baby, toddler or preschooler.

### Newborns

Newborns love watching your face, listening to your voice and just being with you. Newborn play is simple. As your baby grows, she'll enjoy looking at a brightly coloured mobile, listening to a wind-up musical toy or learning to reach for a rattle.

### Babies and toddlers

Your baby or toddler will probably enjoy playing with push-along toys, soft balls, cuddly teddies, blocks, board or cloth books, toy cars, simple puzzles and ride-on toys. Reading with babies and reading with toddlers is one of the most enjoyable things you can do.

### School-age kids

Your school-age child will probably have a clear idea of what he wants to play with. At this age, you can often be guided by your child's requests or his particular interests.

Your school-age child still benefits from spending time playing with you too.

### Preschoolers

Your preschooler is likely to enjoy anything that can be used for play-acting, like a toy tool box, old mobile phone or dress-up clothes. Your child's imagination can turn cardboard boxes into lots of things, including a toy stove, letter box, car or boat.

## Intention to apply for Year 7 entry to a selective high school in 2018

Dear Parent/Carer

Selective high schools cater for highly achieving academically gifted students who may otherwise be without classmates at their own academic and social level. These schools help gifted and talented students to learn by grouping them with other gifted and talented students, teaching them in specialised ways and providing educational materials at the appropriate level.

Applications for selective high school placement are considered mainly on the basis of the Selective High School Placement Test results and school assessment scores. The Selective High School Placement Test will be held on Thursday 9 March 2017.

If you would like to have your child considered for Year 7 selective high school entry in 2018, you need to do so soon. You will need to **apply on the internet** using a valid email address (not the student's email address).

Detailed instructions on how to apply online will be available from 11 October 2016 in a printed application information booklet and at [www.schools.nsw.edu.au/shsplacement](http://www.schools.nsw.edu.au/shsplacement). The application website opens on **11 October 2016** and closes on **14 November 2016**. **No late applications will be accepted.**

There are no paper application forms. If you do not have internet access, you could apply at a public library. If you have a disability that prevents you from using a computer, you can contact the Unit for assistance after 11 October 2016.

You must submit only **ONE** application for each student. Remember the tear-off strip below is not an application and the school cannot apply on your behalf.

Yours sincerely

Principal

Cut along the dotted line and return the completed slip below to this school by next Friday.

**Note: THIS IS NOT AN APPLICATION FOR ENTRY TO A SELECTIVE HIGH SCHOOL.** This is a notice to your primary school only that you *intend* to apply.

**TO APPLY YOU WILL NEED TO REGISTER AND THEN APPLY THROUGH THE HIGH PERFORMING STUDENTS APPLICATION WEBSITE.**
