Week 6 Term 3 2016

Heads Up At Hobartville

Last week we started a transition program at Hobartville. Titled "Heads up at Hobartville," it's designed to give children starting school the following year a taste of what is to come at big school. Please see Mrs Fleetwood for further information or the flyer attached to the newsletter.

Parents approaching other students

Parents, please ensure that if, for any reason, you have an issue with another child, you do not take the matter into your own hands and approach the child. Let myself or other Executive staff know and they will be able to deal with the issue for you.

Kindergarten 2017

We are currently taking enrolments for Kindergarten 2017. The earlier the numbers come in, the easier and more efficient it is to set up our classes. If you haven't enrolled your child for 2017, please do so as soon as possible. If you also know someone who is coming to Hobartville next year, can you please ask them to do the same.

District Athletics

Congratulations to all the Hobartville representatives at the District Athletics Carnival. Your attitude and behaviour were fabulous. Well done for being such great representatives of Hobartville. See some of our stars on the next page.

Dance a thon

Thank you to everyone for supporting our Dance a thon. Please don't forget to return your money and sponsor form. Thank you to Kelly from the P&C for her endless hours of counting money.

Safety Reminder

Another reminder about our school transport bay. This area is for Department of Education and authorised vehicles only. Please do not enter this driveway. It is for the safety of all our students. Please also be very mindful of the crossing at our front gate on Valder Avenue. This is an extremely busy crossing with minimal markings. Thank you council for our new flags.

Staff Farewell

Thursday marks the final teaching day for Mrs Brennan who has been a member of the teaching staff for many years. We wish her the very best for the future and look forward to hearing about her retirement adventures. Farewell from us all.

Please remember that 4.00pm Friday is the freeze to all school based payments as our Hobartville PS bank account will be closed. Transactions can be made from Wednesday 7th September.

16-9-16	Fri	Sam de Araugo, Amanda Franklin

Clothing Pool

Wednesday mornings at Hobartville P S the clothing pool is open between 9.00am—9.15am

LIBRARY NEWS BOOK FAIR

Thank you to everyone who visited the Book Fair. We had sales of \$5800.00, which means that we can receive almost over \$1000.00 worth of new books for the Library. Special thanks to the wonderful parents and staff who assisted at the Book Fair.

Sally Kirk

Banking

When banking at Hobartville P S please bring your bank book in Tuesdays morning.

Dear Parents and Carers,

The P&C will be holding a Father's Day Stall on **Friday 2nd September**.

A wide range of items will be available, priced from 50c to \$10.00. Children will be given the opportunity to 'shop' at the stall during the day in their class group and supervised by their teacher.

Thank you for your support.

Your P&C Committee @ Hobartville Public School

Too sick for school?

Generally if your child feels unwell, keep them home from school and consult your doctor. This chart and the information it contains is not intended to take the place of a consultation with your doctor.

Bronchitis	Symptoms are coughing, a runny nose, sore throat and mild fever. The cough is often dry at first, becoming moist after a couple of days. There may be a slight wheeze and shortness of breath. A higher fever (typically above 39°C) may indicate pneumonia.	 ... until they are feeling better. Antibiotics may be needed.
Chickenpox (Varicella)	Slight fever, runny nose, and a rash that begins as raised pink spots that blister and scab.	 ... for 5 days from the onset of the rash and the blisters have dried.
Conjunctivitis	The eye feels 'scratchy', is red and may water. Lids may stick together on waking.	 ... while there is discharge from the eye unless a doctor has diagnosed a non-infectious cause.
Diarrhoea (no organism identified)	Two or more consecutive bowel motions that are looser and more frequent than normal and possibly stomach cramps.	 ... for at least 24 hours after diarrhoea stops.
Fever	A temperature of 38.5°C or more in older infants and children.	 ... until temperature is normal.
Gastroenteritis	A combination of frequent loose or watery stools (diarrhoea), vomiting, fever, stomach cramps, headaches.	 ... for at least 24 hours after diarrhoea and/or vomiting stops.
German measles (Rubella)	Often mild or no symptoms: mild fever, runny nose, swollen nodes, pink blotchy rash that lasts a short time.	 ... for at least 4 days after the rash appears.
Glandular Fever (Mononucleosis, EBV infection)	Symptoms include fever, headache, sore throat, tiredness, swollen nodes.	 ... unless they're feeling unwell.
Hand, Foot and Mouth Disease (HFMD)	Generally a mild illness caused by a virus, perhaps with a fever, blisters around the mouth, on the hands and feet, and perhaps the nappy area in babies.	 ... until all blisters have dried.
Hayfever (Allergic rhinitis) caused by allergy to pollen (from grasses, flowers and trees), dust mites, animal fur or hair, mould spores, cigarette smoke	Sneezing, a blocked or runny nose (rhinitis), itchy eyes, nose and throat, headaches.	 ... unless they feel unwell or are taking a medication which makes them sleepy.
Head lice or nits* (Pediculosis)	Itchy scalp, white specks stuck near the base of the hairs; lice may be found on the scalp.	 ... while continuing to treat head lice each night. Tell the school.

Hepatitis A	Often none in young children; sudden onset of fever, loss of appetite, nausea, vomiting, jaundice (yellowing of skin and eyes), dark urine, pale stools.	 ... for 2 weeks after first symptoms (or 1 week after onset of jaundice). Contact your doctor before returning to school.
Hepatitis B	Often no symptoms in young children. When they do occur, they can include fever, loss of appetite, nausea, vomiting, jaundice (yellowing of skin and eyes), dark urine.	 ... if they have symptoms. Contact your doctor before returning to school.  ... if they have a chronic infection (not the first outbreak) and no symptoms.
Impetigo [School sores]	Small red spots change into blisters that fill up with pus and become crusted; usually on the face, hands or scalp.	 ... until antibiotic treatment starts. Sores should be covered with watertight dressings.
Influenza	Sudden onset fever, runny nose, sore throat, cough, muscle aches and headaches.	 ... until well.
Measles	Fever, tiredness, runny nose, cough and sore red eyes for a few days followed by a red blotchy rash that starts on the face and spreads down the body and lasts 4 to 7 days.	 ... for at least 4 days after the rash appears.
Meningococcal Disease	Sudden onset of fever and a combination of headache, neck, stiffness, nausea, vomiting, drowsiness or rash.	Seek medical attention immediately. Patient will need hospital treatment. Close contacts receive antibiotics.
Molluscum Contagiosum	Multiple small lumps (2–5mm) on the skin that are smooth, firm and round, with dimples in the middle. In children, occur mostly on the face, trunk, upper arms and legs. Symptoms can last 6 months to 2 years.	
Mumps	Fever, swollen and tender glands around the jaw.	 ... for 9 days after onset of swelling.
Ringworm* [tinea corporis]	Small scaly patch on the skin surrounded by a pink ring.	 ... for 24 hours after fungal treatment has begun.
Runny nose or common cold		 ... unless there are other symptoms such as fever, sore throat, cough, rash or headache. Check with school.
Scabies*	Itchy skin, worse at night. Worse around wrists, armpits, buttocks, groin and between fingers and toes.	 ... until 24 hours after treatment has begun.
Shigella	Diarrhoea (which may contain blood, mucus and pus), fever, stomach cramps, nausea and vomiting.	 ... until there has not been a loose bowel motion for 24 hours. Antibiotics may be needed.
Slapped Cheek Syndrome [Parvovirus B19 infection, fifth disease, erythema infectiosum]	Mild fever, red cheeks, itchy lace-like rash, and possibly cough, sore throat or runny nose.	 ... as it is most infectious before the rash appears.
Whooping Cough [Pertussis]	Starts with a running nose, followed by persistent cough that comes in bouts. Bouts maybe followed by vomiting and a whooping sound as the child gasps for air.	 ... until the first 5 days of an antibiotic course has been completed. Unimmunised siblings may need to stay home too until treated with an antibiotic.
Worms [Threadworms, pinworms]	The main sign of threadworms is an itchy bottom. Sometimes children feel 'out of sorts' and do not want to eat much. They may also have trouble sleeping, due to itching at night.	 ... and tell the school as other parents will need to know to check their kids.

***It is important that the rest of the family is checked for head lice, scabies and ringworm**

 Principal: Lisa Crawford

Dear Parents and Carers,

Hobartville Public School will transition to the new NSW public schools' finance system and a new bank account on **5 September 2016**.

To ensure a smooth transition, there will be changes to the way we accept parent or carer payments.

1. **Cash and cheque payments:** Between **31 August 2016** and **5 September 2016**, we will not be able to accept payments by cash or cheque as we prepare to close our current bank account and transition to the new one. Please ensure that you have made any outstanding cash or cheque payments before **31 August 2016**. From **6 September 2016**, cash and cheque payments will be accepted as before.
2. **Online payments:** Between **27 August 2016** and **4 September 2016**, we will also not be able to accept online payments as we prepare to close our current bank account and transition to the new one. Please ensure that you have made any outstanding online payments before **27 August 2016**. From **5 September 2016**, online payments will be accepted as before.

Thank you for your patience and understanding as we transition to our new finance system. If you have any questions, please contact the front office on 45781110.

Kind Regards

Lisa Crawford
 Principal
